

Job Description	Summer Intern - PHP & MySQL Web Developer
Reports To	Andy Redfern - Director
Salary	Consistent with experience
Hours	37.5 hours per week
Terms	Temporary (2 - 5 month contract)

We are looking for a Summer Intern to join our existing development team. As an intern you will have the chance to help us support and develop the underlying technology that our business is built upon. The chances are you're a student looking for a summer job or a recent graduate looking for some great work experience. So if you're a keen programmer with skills in PHP and MySQL (CSS, Javascript, Ajax, Linux and design skills would be a bonus), have a passion for learning and endless enthusiasm to bring to our team then you could be the person we're looking for. In return we can offer you hands-on experience of developing business critical online applications with first class help and support from a winning team, you'll earn £275 a week and will receive a staff discount in our online shop.

Application details Please email your CV and any questions to andy@sparketail.com.
